BRAMSHOTT PLACE — THE HISTORY

THIS IS A RE-RUN OF THE TALK THAT ADRIAN BIRD GAVE TO AN AUDIENCE AT BRAMSHOTT PLACE
VILLAGE LAST YEAR:

an opportunity for Members (and others who weren't invited, or who were otherwise un-
able to attend) to hear the story of the parish's Elizabethan 'great house' (and a little bit be-
fore it came along, as well as after it went) - largely, but not exclusively, based on infor-
mation held by our Heritage Centre

8pm in the CANADA ROOM—MILLENNIUM CENTRE

As usual, the Heritage Centre will be open before the meeting, from 7PM o'clock.

ADVANCE NOTICE OF AGM THURSDAY 4TH APRIL

Formal notice and Agenda will be issued in March — 8pm in the CANADA ROOM—
MILLENNIUM CENTRE

A "LOCAL LIST"?

This is something being discussed by the Heritage working party of the Neighbourhood Plan group: the working party has 'strong' Preservation Society membership and is chaired by Roger Miller (coincidentally pictured, right, with the broom): planning authorities can decide to 'adopt' a list of un-Listed buildings (and other structures) which, although not given the status or protection afforded to those on the national List, will trigger a higher level of scrutiny if changes are proposed for them. The Society would like to hear suggestions from its Members for possible candidates for such a list. In a similar vein, there are trees, or groups of trees (or even important hedgerows) that may not have met Tree Preservation Order criteria, but are nonetheless important elements in the local landscape ... or have just not yet come forward for adding to the list of TPOs. Again, any ideas?

NEWSLETTER BY EMAIL

Help the Society keep its printing and postage costs down and minimise our Distributors' efforts.

If you're not yet receiving your Newsletter in PDF form (and occasional other notifications) by email, that means that you haven't given us your email address.

If you would like to be added to the list, please drop us an email saying so—this information would only be used for the above-mentioned purposes (and won't be passed on to anyone else).

ACTION SHOT FROM LAST FEBRUARY'S 'CAMPAIGN' IN CHURCH LANE

BRAMSHOTT LANES

We are planning on a different location this season:

Burgh Hill Road (the sunken, hilly bit)

SATURDAY 9TH FEBRUARY

(from 9.00am until early afternoon);

If you'd would like to help, and are not one of our 'regulars',

please contact Adrian Bird 722162 for more information and encouragement.

BRAMSHOTT LANES PROJECT

Our main current exhibition is on the **Womens Royal Army Corps** (WRACs) stationed at Huron

Camp on Bramshott Common (on the left, before going down

Cold Ash Hill coming down the A3

from Hindhead) ... we would still be

delighted to receive any further in-

formation, memories or memorabil-

ia to enhance the display and would

love to hear from anyone who had

any involvement in the Corps after WW2.

the Laurence Giles local archive

Our present 'flagship' activity is our Oral History project: this has now really got going and we are always looking for suggestions for new candidates for "interview" (in reality, often more of a conversation). It's a record of memories and of voices—in due course also the possibility of more publication(s) along the lines of the Preservation Society's earlier books such as *Liphook Lives*.

Thanks as ever to our Volunteers (and we're ever on the lookout for more!).

Our Heritage Centre email has changed (following problems with the BT one) and is now
